Special Wholesale Prices
Maule's Seeds
Vegetables and Flowers
for
Market Gardeners, Truckers
and Florists

We take great pleasure in sending you this Special Wholesale Price List in the hope that we may receive your order this year. You will find a choice assortment of varieties listed at very attractive low prices—the lowest in many years. The quality is of the high standard for which Maule has been known for over half a century.

**THIS BOOK IS A READY REFERENCE
PRICE LIST**

It lists every variety of vegetable and flower seeds that Maule can supply. For full descriptions, see Maule's Seed Book for 1937. A copy of this valuable Seed Book has been sent you; if you have not received it, kindly advise us, and another one will be mailed you promptly.

Sow Maule's Guaranteed Seeds

Each lot of seed is thoroughly tested for active, abundant and vigorous life, so that only the most virile product is shipped. The exacting nature of these tests has won the confidence of thousands and thousands of gardeners who not only buy Maule's Seeds year after year but gladly recommend them to their friends. Many new customers are added to our list each year through recommendations of those who know just how good Maule's Seeds really are because they have planted them.

Send in Your Order Early

Crops of some varieties of vegetable seeds are short this season. This is particularly true of Beans, especially Wax Pods, Fordhook Bush Lima, some Cabbage, and others. To avoid possible disappointment, we suggest that you order early. **No order is too large or too small to send to Maule.**

Credit and Terms of Payment

Our terms are cash with order, unless you have an account with us or are satisfactorily rated by the commercial agencies. See next page for Maule's Easy Payment Plan if you may be short of cash. If you want your seeds sent by parcel post or express C. O. D., or freight, sight draft bill-of-lading attached, $\frac{1}{4}$ of the value of the order must be sent us as deposit.

Maule's Famous Four Leaf Clover Guarantee

We guarantee—All goods shipped by us to reach you in good condition.

To refill your order or refund—any time within the year—the full amount paid us for Seeds, Bulbs or Roots, if you are not satisfied with the results.

We send you only the highest quality seeds and gladly stand back of them to the amount of the purchase price. But weather, soil and care also influence crops, so in no case shall we be responsible for any amount beyond the sum you actually pay us for the Seeds, Bulbs or Roots.

Prompt Shipment

All seeds are sent almost immediately on receipt of order. Practically every order is shipped the same day it is received. Unless instructed otherwise, all Vegetable Roots, Potatoes, Flower Bulbs and other perishable stock ordered during the winter months will be held for shipment until we feel it is safe to forward.

You May Order

$\frac{1}{2}$ lb. of any variety may be ordered at $\frac{1}{2}$ the 1 lb. rate where the price per 1 lb. is 20¢ or more. Where the price per 1 lb. is less than 20¢, $\frac{1}{2}$ lb. will be supplied for 10¢. We will not supply any unit for less than 10¢.

Where 100 lb. quantities are listed, 10 lbs. or more of any variety may be ordered at the 100 lb. rate.

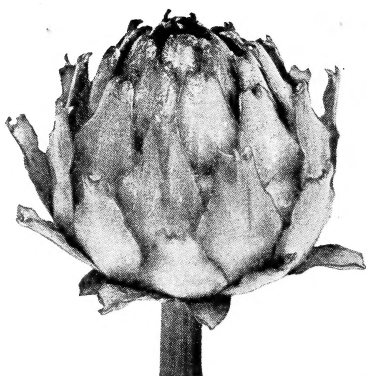

Maule's Easy Payment Plan

Would it help you to buy your seeds on time?

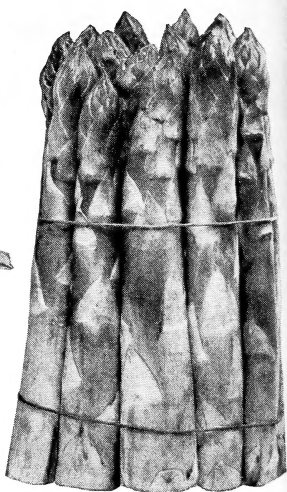

WE are glad to give Maule customers the privilege of getting all their seeds at once, but letting part of the payment go until later—any time before September 1st. If you grow vegetables or flowers to sell, this will allow you to wait until you have received money from your crops before remitting to us. In the last few years thousands took advantage of this plan, and we treasure the many letters they have written to tell how much it helped.

Of course we know all Maule customers like to pay cash when they can, but we want to do something to help those who may be short of cash at the time they make up their order. **If you want to get your seeds on Maule's Easy Payment Plan**, pick out those you want, both vegetable and flower, and send us just half of the total cost with your order. Then pay the balance any time before September 1st. Easy, isn't it? We trust you. Now you can order all the seeds you want—perhaps more than you thought you could afford to plant.

We're not even charging interest, for we know that Maule customers pay promptly. All we ask is that, if you want to use this Easy Payment Plan, you **make your order for over \$4.00**, and order early.
